dominKnow | ONE Accessibility

Instructor-led Training Class

Class Overview

Accessible e-learning is becoming a vital aspect of a well-rounded diversity strategy for government, corporations, and education institutions. In this class, you will learn about Section 508 and WCAG accessibility standards, how they relate to each other, and how they relate to your accessibility strategy. You will also leverage the dominKnow | ONE features and development best practices to design, develop, and test your e-learning courses for standards compliance. The goal is to produce accessible courses that are robust, interactive, and media-rich.

Value Boost: Includes a 30-minute consultation with the instructor after training to answer further questions or help with a project.

The topics covered in class can be tailored to the unique needs of your organization.

Outline

- What Accessibility Means
- Compatibility and Performance
- Best Practices for Creating Accessible Content
- Setting Up
- Keyboard Accessibility
- Audio and Video
- Alternative Text
- Screen Text
- Colors
